

TECHNICAL DATA SHEET

Design | Manufacture | Supply

Luxford Herringbone Historic House Collection

15/4x120x500mm / Unfinished / Brushed / Distressed / Rustic Grade / Herringbone / Cobbled Edges

INSTALLATION METHODS

Fully Bonded	Yes (recommended)
Nailed	Yes
Floated on underlay	Yes
Over Underfloor Heating	Yes (see below*)

*The underfloor heating system must have an even temperature over the entire floor surface. The sub floor temperature that the floor boards are sitting on cannot exceed 27°c. The heating system must be working two weeks prior to install. Once the floor is installed, acclimatise the wood flooring by turning the heating temperature up 1°c per day (18-27°c) then back down 1°c per day. This is to not shock the wood, which can cause cracking and shrinking.

GRADING CRITERIA

Rustic grade oak comes with all the variations and authentic characteristics familiar with this grade of wood. Featuring colour variations, grain pattern variations, unlimited knots size, cracks and splits.

PRODUCT DETAILS

Responsible Certification: Please ask a member of staff for details Janka Hardness Rating: 1120 lbf(4980N) Formaldehyde Emission: E1(EN717-1) Pentachlorophenol Emission: <5ppm(CEN/TR 14823) Reaction to Fire Certification: Cff-s1(EN13501-1) Thermal Conductivity: NPD Construction: Engineered Specie: European Oak (Quercus Robur) Pattern: 1-strip Process: Brushed / Distressed Finish: UV hardened oil 10% sheen Profile: T&G Edge Profile: Cobbled Edges Top Layer: 4mm European Oak (Quercus Robur) Backing: Birch and Poplar Mixed Plywood Thickness: 15mm Width: 120mm Length: 500mm Pack Size: TBC Geredo: Pustic
